Sophomore Testing

Our sophomore students will be taking the PLAN test in their History class sometime between the 9th and 16th of November. The PLAN test is a practice for the ACT and also helps students plan for their future careers.

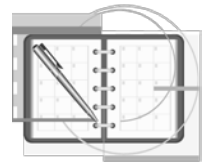

This test takes three days to administer. It is critical that your student be in attendance for all three days of testing. If a student misses any of the tests it will not be scored and results will not be available for parents and students to evaluate.

Please become aware of when your student will be involved in this testing and avoid absences or checking your student in and out during this time. You can find when your student will be tested on skyward or by checking with their History teacher.

Driving Ranges-We Need Your Help!

RANGES WILL BE HELD DAILY

It is important that we provide a safe, effective range instruction for our driver education students. The driving range is contained within the MAROON colored parking stalls in the northwest area of the large north parking lot. All other stalls on school property are painted yellow. Driver Education ranges are conducted almost every school day between 2:30-6:00 p.m. and Saturdays/school holidays throughout the year in the north parking lot. Students with valid parking stickers must remove their vehicles from the MAROON parking stalls immediately after school. Signs informing students and patrons of this policy are contained in the parking contract and are also posted on the range. Public address announcements are *often* made as a courtesy to students and patrons. *R.H.S. Dr. Ed. instructors do not enjoy calling tow trucks! However, if your vehicle is parked in a MAROON stall, it may get ticketed, towed, or even hit. Towing charges may cost you \$75-\$150!!* WHEN IN DOUBT, ASSUME A RANGE WILL BE HELD. Thank you very much for your help!
